

QUICK START GUIDE English

For a perfect start.

www.miyoworld.eu

PREPARATION & INSTRUCTIONS FOR USE

Preparation

- Before applying the material, the surface must be clean and free of surface contamination.
- The surface can be sandblasted with 50 µm and 2 bar pressure.

Instructions for use

- Do not pour surplus liquid out of the container. Mix it back into a paste.
- Mix MiYO Color, MiYO Structure and Glaze Paste thoroughly with a metal free spatula before each use.
- The pastes must not come into contact with water.
- Always use a clean and dry brush.

Application

- Apply material to the prepared surface according to its purpose and required effect.

Storage

- Dry between +12°C to +38°C.

**MIX MIYO COLOR, STRUCTURE AND
GLAZE PASTE THOROUGHLY WITH A
METAL-FREE SPATULA BEFORE
EACH USE.**
